##### NICE clinical guidelines

#### [Diabetic retinopathy: management and monitoring](#) – Updated 13<sup>th</sup> August 2024

This guideline covers managing and monitoring diabetic retinopathy in people under the care of hospital eye services. This includes non-proliferative and proliferative diabetic retinopathy, and diabetic macular oedema. The guideline does not include areas covered by the [NHS diabetic eye screening programme](#), for example, routine annual screening.

See the [9-page visual summary on managing and monitoring diabetic retinopathy](#).

#### Updated NICE Quality Standards

#### [Anaphylaxis](#) – Updated 31<sup>st</sup> July 2024

This quality standard covers care after emergency treatment for suspected anaphylaxis, including assessment and referral to specialist allergy services. It describes high-quality care in priority areas for improvement. It does not cover areas of national policy, such as national training standards.
